### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear—discharge, itching, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for literature, free.

## PORTLAND HOGS GO A NICKEL HIGHER IN LATE TRADING

(Courtesy the Journal.)

PORTLAND, Ore.—The situation in the cattle trade at North Portland is rather good, although a large number of the arrivals went through some sales of medium quality stuff sold at about a dime advance over what similar quality would have brought on Monday. There were no strictly top available, and for that reason no change is noted in those quotations.

For cattle the morning trade in the east was generally weak, although a steady tone was shown in spots.

General cattle market range:

Best bay fed steers \$5.75 to \$6.00  
 Good to choice \$6.25 to \$6.50  
 Ordinary to fair \$5.00 to \$5.25  
 Best cows \$5.25 to \$5.50  
 Good to prime \$4.50 to \$5.00  
 Select bulls \$4.00 to \$4.25  
 Fancy bulls \$4.00 to \$4.25  
 Ordinary bulls \$3.50 to \$4.25  
 Best calves \$5.00 to \$5.25

The Portland hog market has turned.

After a period of pronounced depression during which sharply lower prices were forced, the market yesterday afternoon turned strong and not only regained the morning's loss but at \$18.10 for extreme stuff in a limited way actually was a nickel better than the previous day.

The feeling in the trade at the opening of the market was not very good and trading started extremely slow with an inclination among buyers not to pay above \$6.

Eastern markets with their generally advanced prices for the day were an influence later in the trade at North Portland and the situation cleared slightly at the advance.

General hog market:

Best light \$18.05 to \$18.10  
 Medium light \$18.00 to \$18.05  
 Good to heavy \$17.95 to \$18.00  
 Rough to heavy \$17.85 to \$17.90

Mutton Market strong.

Many small supplies were shown in the mutton division of the North Portland market over night. Receipts consisted principally of lambs, with a sprinkling of ewes. Some real good lambs sold at \$1.35 although the trade still believes that toppers would easily command the former top at \$1.50.

In the eastern markets the morning trade in sheep showed a weak to stronger tone, with some advance and some declines noted.

General mutton and lamb prices:

Select interior lambs \$7.50  
 Ordinary interior lambs \$7.25 to \$7.50  
 Willamette valley lambs \$7.25 to \$7.50  
 Wethers \$6.00 to \$6.25  
 Select ewes, light \$5.50 to \$5.75
